Summary

Software Engineer experienced in developing server-side applications using Node.js and JavaScript. Skilled in database management with MongoDB, implementing search solutions with Elasticsearch, and leveraging Python for automation and data processing tasks. Passionate about building reliable, high-performance systems and solving complex technical challenges.

Education

Bachelor of Technology – Computer Science

Kanpur Institute of Technology (83.08%, 2021 – 2025)

Intermediate (78.6%, 2019) | **High school** (87.4%, 2017)

Skills

Technical Skills

- **Programming** : Java, Python, Data Structures and Algorithms
- **Web** : HTML, CSS, JavaScript, Nodejs, Express
- **Frameworks** : Spring Boot, React.js, Tailwind CSS, Bootstrap
- **Database** : SQL, MongoDB, Elasticsearch
- **Tools** : Git, GitHub, VS code, IntelliJ IDEA, MySQL, SQL Workbench, Postman
- **AI Tools** : Claude , Cursor , ChatGPT

Non Technical Skills

Leadership | Teamwork | Decision Making | Problem solving | Debugging

Projects

- **Myntra Cart Clone** : Developed a simplified Myntra clone focused on cart functionality using HTML ,CSS and JavaScript. [Myntra-Cart-Clone-Link](#)
- **Student Attendance by using Finger Print sensor** : Connected ESP8266 with fingerprint sensor to XAMPP for real time attendance.
- **3D Interactive Calculator** : Built an interactive 3D calculator using HTML, CSS, and JavaScript , implemented mouse-based 3D tilt animation. [3D-Interactive-Calculator-Link](#)

Experience

- **Software Engineer**
Tecdune Services LLP, Noida November 2025 – May 2026
- **C++ Developer Internship (July 2024 – Aug 2024)**
Built small-scale console projects using OOP and STL.
Improved debugging and code optimization skills through project reviews.
- **Web Development Internship (Dec 2023 – Jan 2024)**
Developed interactive web pages using HTML, CSS, and JavaScript.
Collaborated in team-based UI enhancement projects.

Certifications

Java Full Stack Development Training – Ducat, Noida

August 2025 – Present

Achievements

- Received **Academic Excellence Award** each year for consistent performance in B.Tech.
- Qualified GATE 2025 in Computer Science.
- Solved 280+ Leetcode questions.
